CELEBRATING INTERNATIONAL CHILDREN'S DAY AT HAGL MYANMAR!

We are delighted to reflect on the success of our **International Children's Day** celebration on May 30th at 9:00 a.m., when **290 children** filled our office with incredible energy. The day began with a warm welcome and a delicious morning **refreshment breakfast**, followed by a spectacular **talent show** featuring our little stars. The fun continued with a magical “**Balloon Twister**” activity and a high-energy “**Balloon Carrying**” game, both of which provided nonstop laughter and teamwork in the room.

Storytelling

To make sure every child felt special, each participant received a curated gift bag, and our talented performers and game participants earned extra school supplies. The genuine smiles on everyone's faces proved that we had achieved our goal of creating an inclusive, family-oriented culture. A huge thank you to everyone who helped make this day so special.

HONORING OUR VOLUNTARY BLOOD DONORS

In honor of **World Blood Donor Day**, a collaborative charity blood donation drive organized by "We Care, We Share" by HAGL Myanmar and Meliá Yangon was held successfully on June 3rd at the Meliá Yangon hotel's Inya Ballroom. Continuing a proud annual tradition with the theme "Normalizing Voluntary Blood Donation," 300 people, including dedicated staff and generous donors, came forward to participate.

The drive, which was organized in collaboration with the **National Blood Center** to help areas facing urgent shortages, provided critical emergency blood for Yangon while also inspiring the community to make donating blood every four months a healthy habit. To express their gratitude, **Meliá Yangon** and "**We Care, We Share**" provided nutritious refreshments and nourishment to all donors and healthcare workers in attendance. "**We Care, We Share**" and **Meliá Yangon** would like to express their heartfelt gratitude to each and every donor; your noble contribution of life-saving blood is critical to strengthening our community's healthcare.
